

## DAKOTA HIGH SCHOOL MUSIC BOOSTERS ASSOCIATION PRIVATE LESSON REIMBURSEMENT PROGRAM

The purpose of the Private Lesson Reimbursement Program is to encourage students to pursue a high level of performance, before poor habits are too strongly established, and to assist families financially toward this goal.

**To the Instructor:** Please complete this form, preferably at the end of each lesson. It is extremely important that you honestly indicate if the student was prepared for the lesson.

**To the Parent and Student:** The boosters will reimburse up to \$20.00 for every 4 consecutive lessons that are “prepared”; as long as funds are available. An unprepared lesson is a waste of you AND your instructor’s time and no reimbursement will be given. Not showing up for a lesson or a last minute cancellation will also waive your refund. Reimbursement is available to school band students in grades 9 through 12. Completed forms are to be submitted to Mr. Abend. It is important that you submit this form right after your 4th consecutive lesson in order to receive a refund. Keep in mind that once this scholarship fund runs out, there will be no more refunds given.
